Q10: Comments or issues with the dj?\* (Text Field)

The night was more than I could ask for! Everyone had a blast and I don't think I left the dance floor for more than a minute! My friends and family were up at the booth requesting their favorite songs and Brad made sure to get to each and every request. Brad is professional, dedicated and extremely personable. The uplighting was unbelievable. It put the final touch on the decor and the pictures from the night prove it. We would definately reccommend Brad to anyone that was looking for a DJ and/or uplighting services.
